ONE PEACE BOOKS

FALL 2022

WHO IS ONE PEACE BOOKS?

One Peace Books was founded in 2006 to translate and publish Japanese entertainment and literature for a North American audience. As the brainchild of successful Japanese publisher Sanctuary Books, One Peace Books occupies a unique place in the publishing industry—able to fully leverage the connections and industry knowledge to publish Japanese literature in translation.

As One Peace Books has grown, we've utilized those connections and passions to expand our publishing model to include original publications by other artists and writers as well. It is our hope in this way to act as a bridge between cultures. Publishing both Japanese translations and original publications is, in our own small way, an attempt to show that it truly is not language or borders that divide us.

As our catalog of North American titles expands, our relationship with our Japanese founders will allow the door to swing both ways by introducing our original North American publications back into Asia—our own small contribution to a more interconnected world built on mutual respect. We believe that art and entertainment is an infectious, necessary, endlessly enjoyable way to bring diverse sets of people together to share in a singular cause or emotion.

One World. One Love. One Peace.

The distant future: In a universe where humanity's mortal enemy is the alien race known as Bugs, an Imperial battleship suffers a mysterious and devastating attack that sends Captain Alan Corinth crash landing onto an unknown planet. Much to his surprise, rather than the technologically advanced humanity he knows, the humans he encounters there seem to live in a fantasy world filled with swords and magic!

Thus begins the first volume of this manga adaptation of Captain Corinth: The Galactic Navy Officer Becomes an Adventurer. This expansive saga of colliding worlds crashed like a falling star onto the scene of Japanese online novels, much like Captain Corinth himself falling from the sky! With detailed worldbuilding that brings out the best from both fantasy and sci-fi genres, this story spools out to depths unseen in recent years, expertly rendered into visual format by manga artist Tomomasa Takuma, known for manga adaptations of such similarly epic sagas as Record of Lodoss War and Code Geass.

“You rescued me from a world without sound. If it wasn’t for you, I never would’ve known the world was such an amazing place!”

Kohei is a college student who, because of his hearing loss, tends to distance himself from others. His attitude starts to change after he crosses paths with an ever-optimistic classmate named Taichi. And over time, the two begin to develop feelings for each other. As the story continues, the pair tries to balance their budding relationship alongside Taichi’s inspiring new career and Kohei’s continued studies at school. But the harder they try to make things work, the more misunderstandings they seem to encounter.

YUKI FUMINO’S first manga, *I Hear the Sunspot*, received a great deal of attention upon its publication in 2014, quickly leading to the development of a feature film. The exceptional talent on display in her debut project has made her one of the most watched and up-coming manga-ka in the BL world.

ISBN: 978-1-935548-08-9
Paperback | \$ 11.95 | 104 pages | 5X7 in. | Fiction

Essentially the start of Dazai’s career, Schoolgirl gained notoriety for its ironic and inventive use of language. Now it illuminates the prevalent social structures of a lost time, as well as the struggle of the individual against them—a theme that occupied Dazai’s life both personally and professionally. This new translation preserves the playful language of the original and offers the reader a new window into the mind of one of the greatest Japanese authors of the 20th century.

NIGHT ON THE GALACTIC RAILROAD

BY KENJI MIYAZAWA

ISBN: 978-1-935548-35-5
Paperback | \$ 11.95 | 112 pages | 5X7 in. | Fiction

Kenji Miyazawa (1896-1933) is one of Japan’s most beloved writers and poets, known particularly for his sensitive and symbolist children’s fiction. This volume collects stories which focus on Miyazawa’s love of space and his use of the galaxy as a metaphor for the concepts of purity, self-sacrifice and faith which were near and dear to his heart. “The Nighthawk Star” follows an lowly bird as he struggles to transform himself into something greater, a constellation in the night sky; “Signal & Signal-less” depicts a pair of star-crossed train signals who dream of eloping to the moon; and “Night on the Galactic Railroad,” Miyazawa’s most famous work, tells the story of two boys as they journey upon a train that traverses the cosmos, learning the true meaning of friendship, happiness and life itself along the way.
